

MY NAME IS SOFIA AND  
I PRESENT YOU...

GREETING CARDS  
ARE  
UNDERRATED

This project was initiated due to the necessity of  
telling people to fuck off, when they don't seem  
to understand ANY way of verbal communication.  
It's main goal is to deliver greeting cards  
aimed to annoying people.

USER CAN

Receive a random  
greeting card  
with random fonts and  
a random FUCK YOU  
phrase.

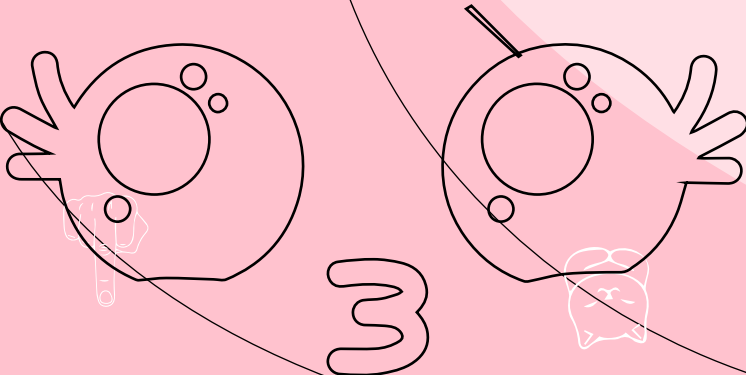

Register to  
access archive,  
log in and interact  
with the web

# PROCESS

Choose the correct API, think of  
the design and functionality

Make a responsive web

Develop the .js and  
clean code

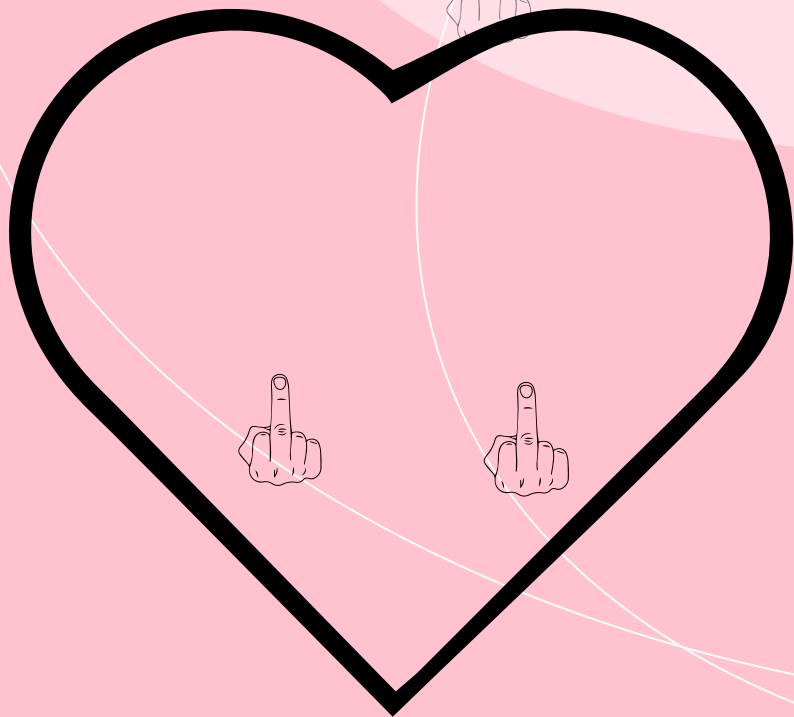

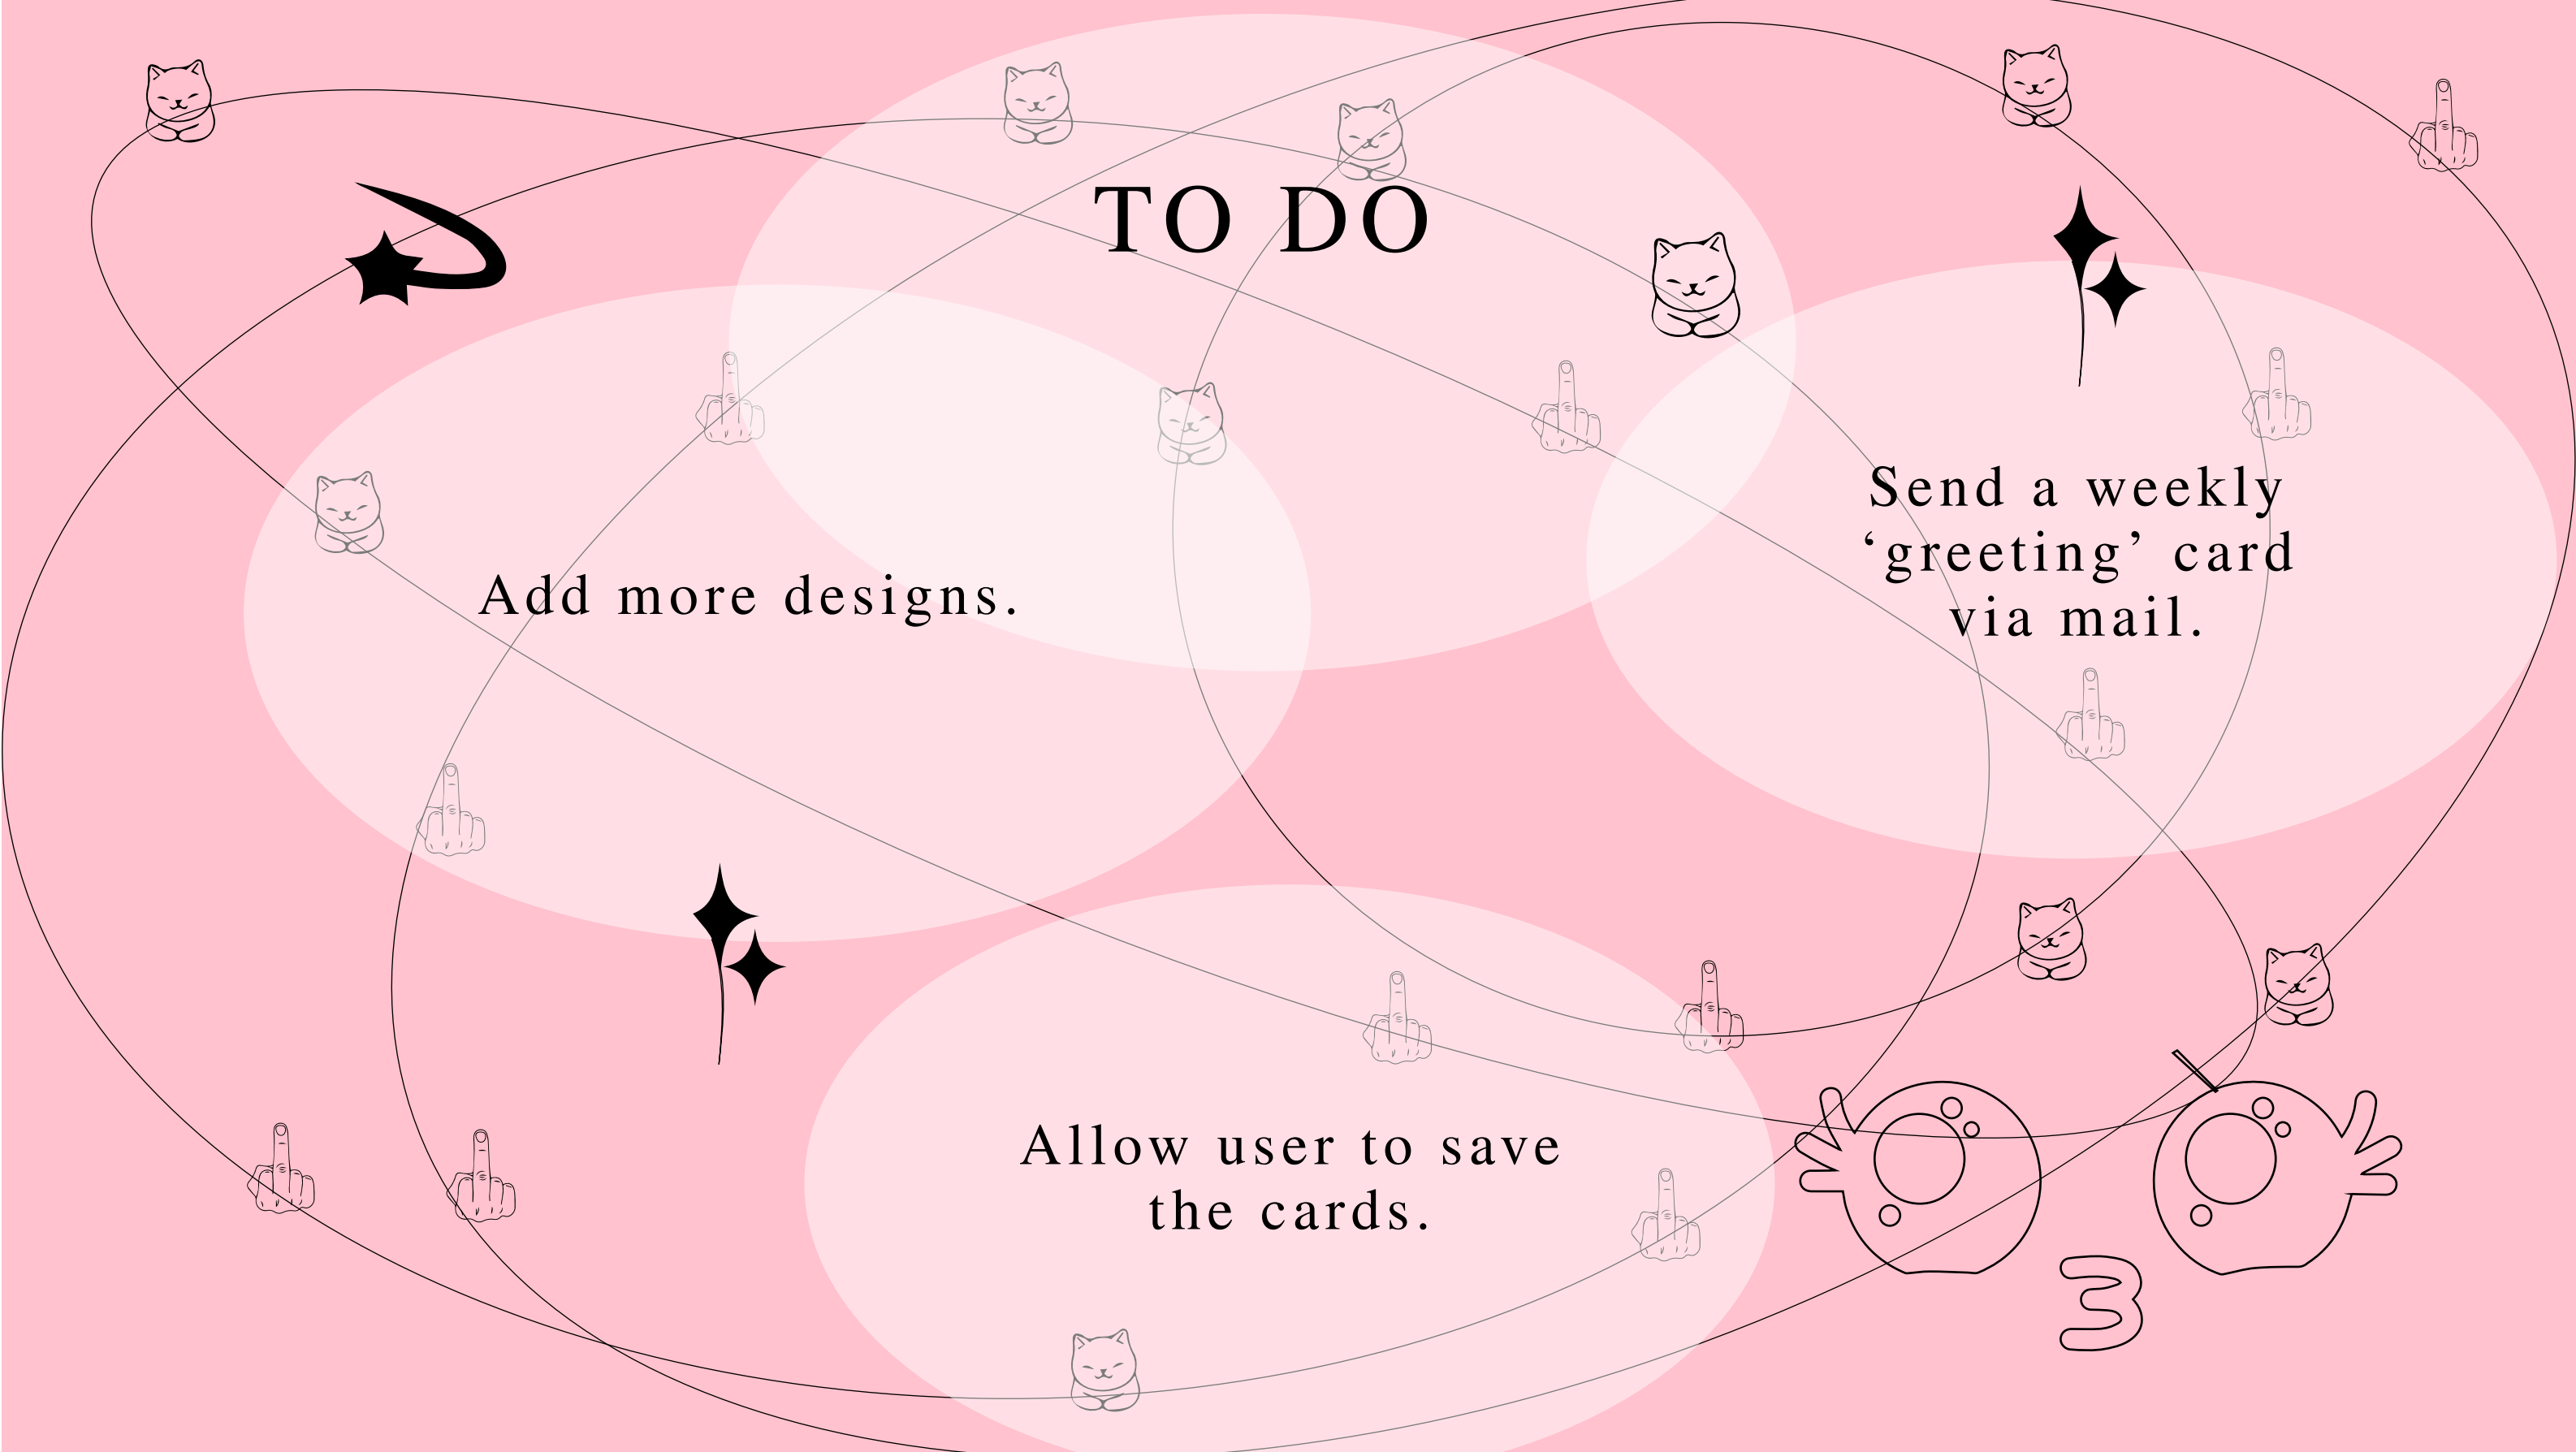

# LEARNINGS

Be sure to stick to one type of styling. eg: not mix bootstrap with flexbox with grid.

START DOING WHAT I STRUGGLE THE MOST WITH!!!!

BUILD TOLERANCE TO FRUSTRATION.

TO DO

Add more designs.

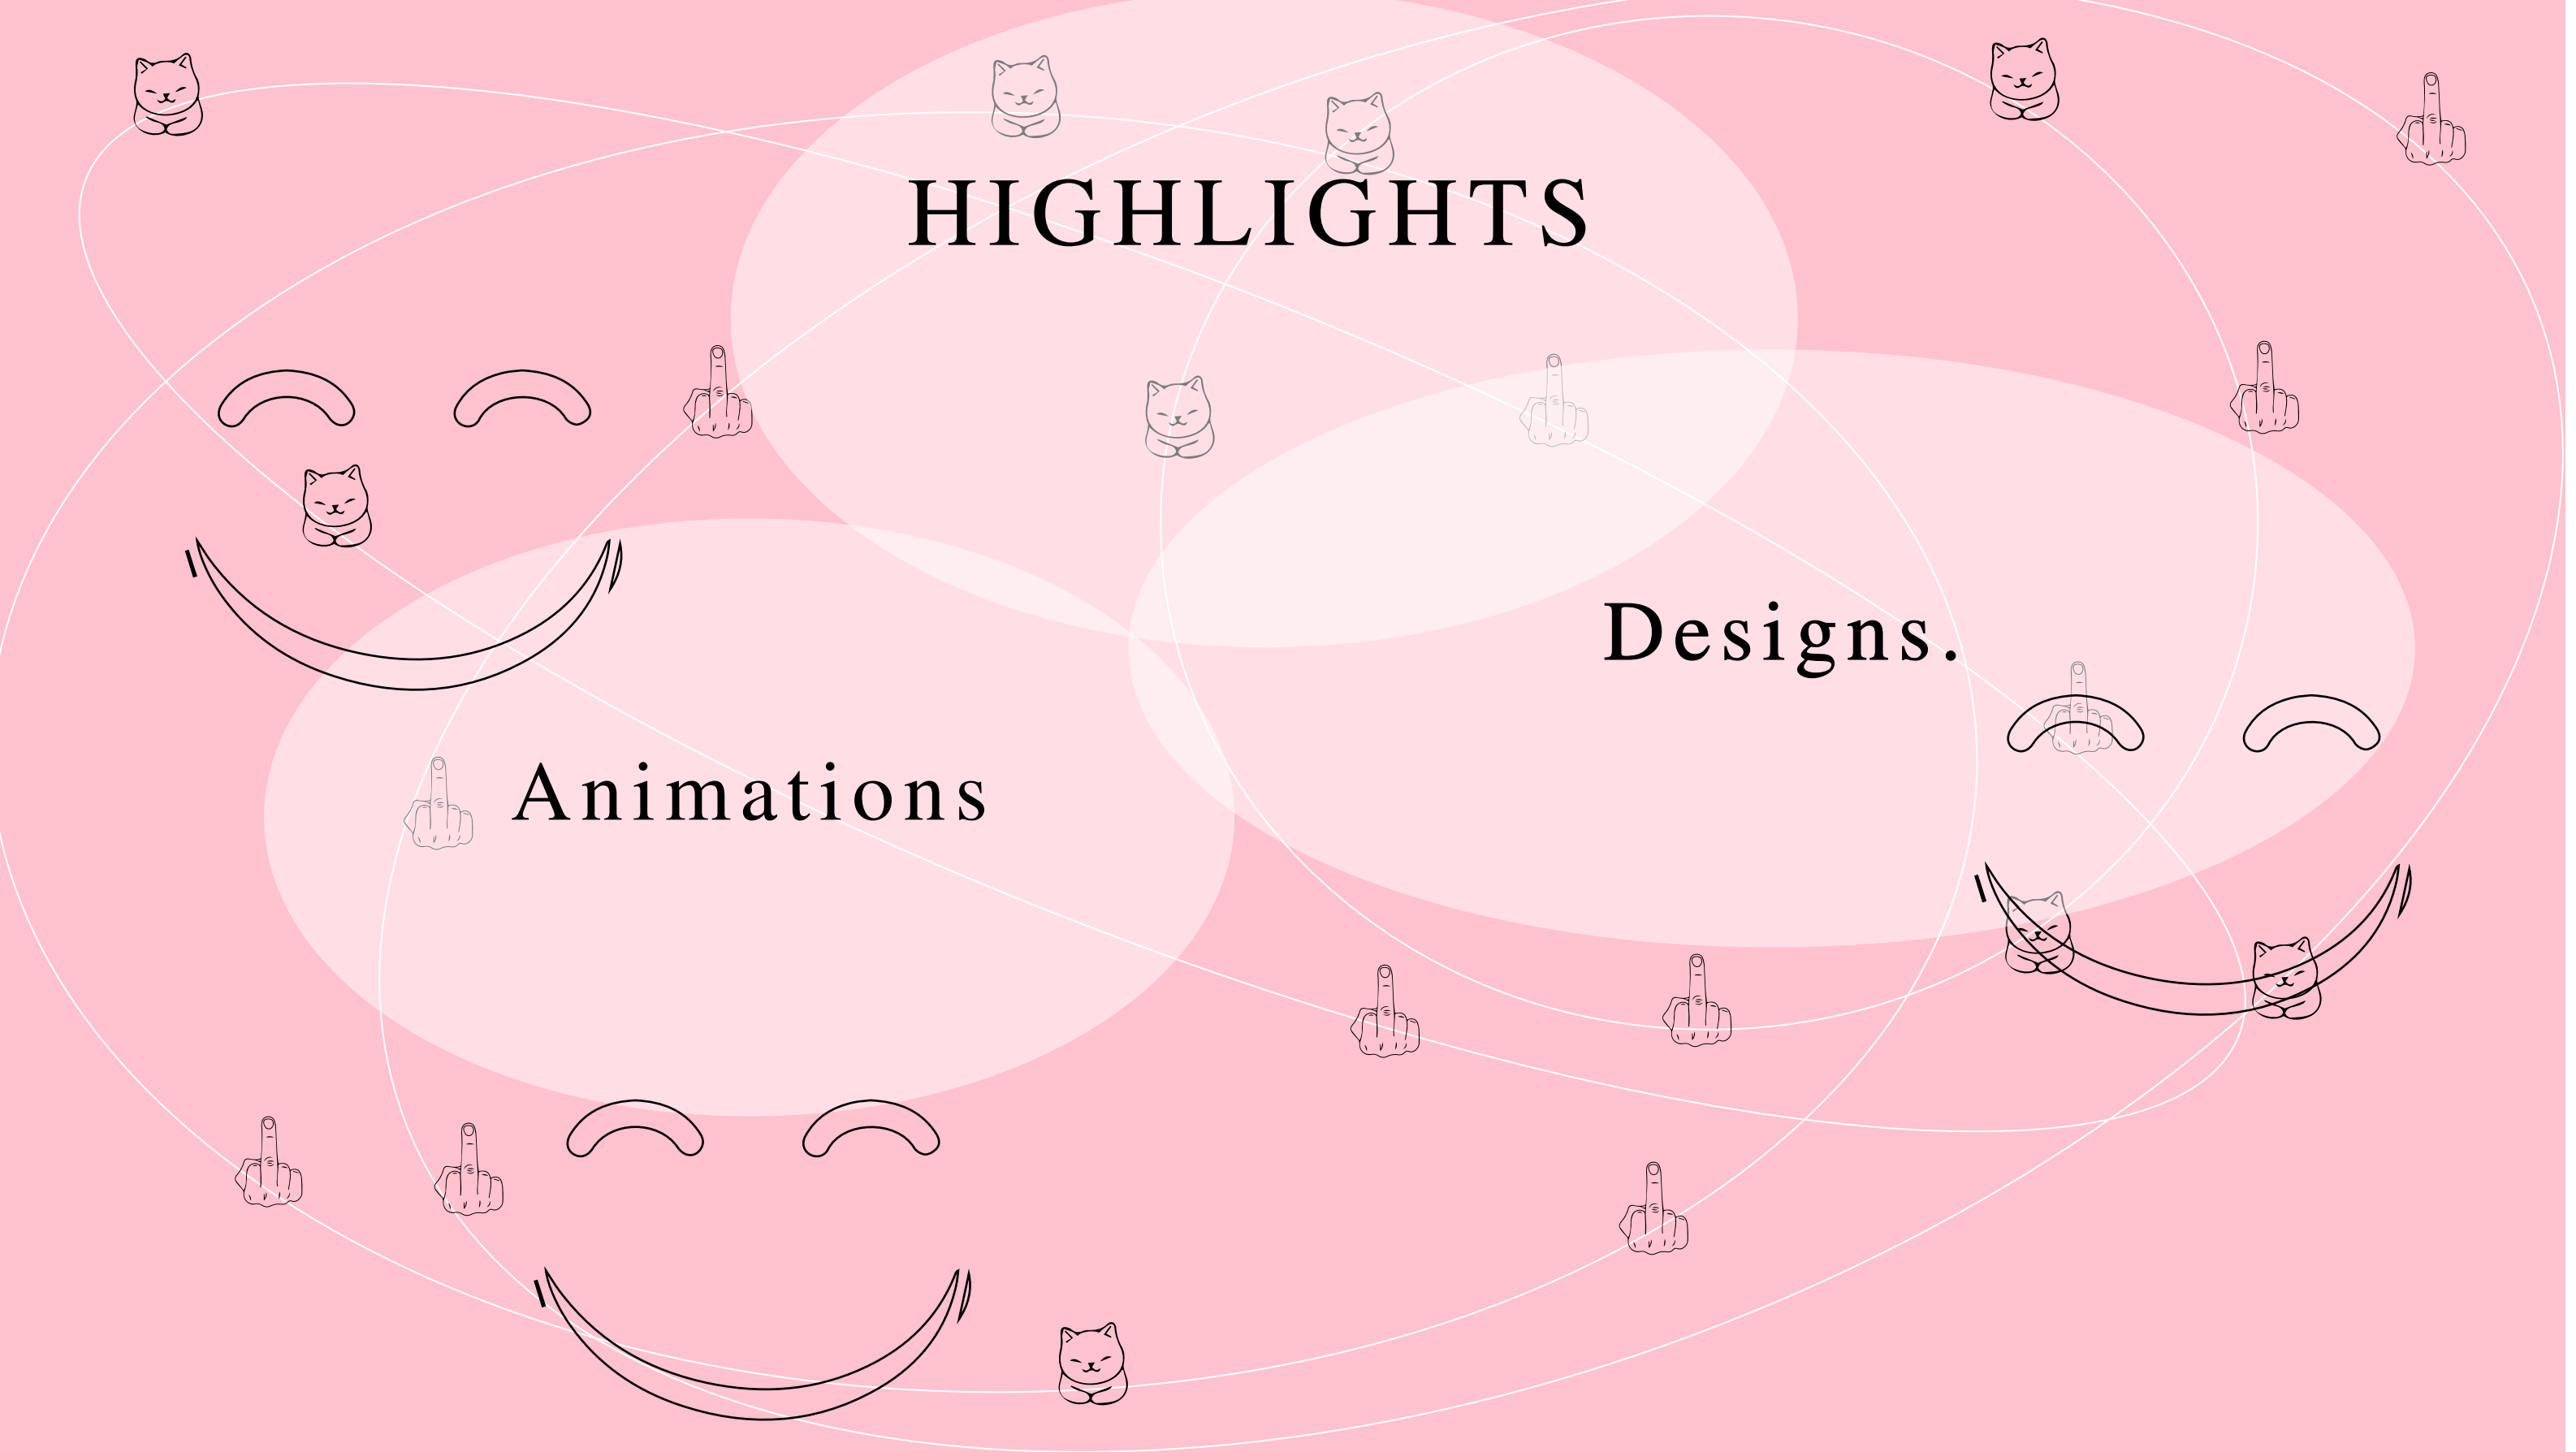

Send a weekly  
'greeting' card  
via mail.

Allow user to save  
the cards.

HIGHLIGHTS

Designs.
